**Subject:** Item #9 on tonight's Agenda

Good afternoon,

I'm writing this letter to the Mayor and city council of Lake Forest. I live in the Parkside Community off of Regency and Parkside. It was just brought to my attention that item 9 on the agenda for tonight's meeting involves the open area off of Regency. I was told that it's up for a vote to build housing on that property. We strongly oppose housing of any kind be built on that property. I have lived in the area since 2003. We were always told it would be a park of some kind. If any type of housing is proposed we will fight it. Please consider the residents in this area when you go for a vote. Thank you.

Sincerely,

Jack Harris
