Subject: Commercial Signage

Honorable LF Commission Members,

I am writing in response to the news that the developer for the Shops at Portola Hills will be approximately 11 feet in height by 9 feet wide.

It is very troubling with the idea that local CC&R's are very restrictive to maintain the property values for our communities. Yet, when a commercial developer comes into our City, they don't take into consideration the aesthetics and beauty of our community. Two feet may not see like much, however, you would never see a huge McDonalds arches on Glen Ranch Road.

Thank you for your service, as well as your consideration with this matter!

Regards,

Patrick Oyama
